### The Premises:

I chose this place as each masseuse works independently from their own set up locations that was told were all 4 or 5\* high quality locations. This was the case with Summer. Only masseuse there and she said each had their own locations. Was a new development in Canary Wharf short walk from Canary Wharf Jubilee line. Was a penthouse top floor location, beautiful place, with massive marble tiled bathroom, laser in room and drinks machine. Felt luxury, safe and discrete given there were just the two of us.

### The Lady:

Slim, attractive, Singapore-Australian girl. Wearing very sexy red dress about late 20's but difficult to tell if her exact picture from internet.

### The Story:

Had just arrived a few hours earlier into city airport and was staying on business a few nights in Canary Wharf. Was recommended to go for a Japanese nuru having made online booking and reading some good reviews from some other sites. Started off with assisted soapy and shower before she moved me to a big air bed where she poured lots of hot nuru onto her breasts then on me - in a like way she teased me and played with nuru before putting on me. Then she started sliding bodytobody on me which was done well as had other places and she really did know how to tease plus kept turning into a lot of positions until I could hold back no more and climaxed. Overall it was my first nuru bodytobody so I did not know what to expect but felt I had a great time with her. Ended with a little bit more massage then another assisted shower. Was 5 star experience only complaint was I got a bit cold after 20-30 mins so she could have turned in room heater on that I requested mid way.
