A new development of very well made flats. Clean safe and very modern.

The Lady:

Cherry has been described before, and is as expected, slim size 9/10 about 5ft 7in in high heels (5ft 3in) so petite, although her latest pictures exaggerate the volume and redness of the hair. However, it is the girl in the picture and while it is a cliché?, she really is better in the flesh because she is not so brash as in the photos - very genteel and feminine. Her hair when I met her was in fact a brown/red colour rather than the violent red that you see in the profile pictures. I think she looks better like this as it expresses her personality more accurately than the bright red hair of her pictures.

The Story:

I had decided to book Cherry on the basis of previous reports and I wanted a treat to start my week off work so I contacted abby69 to arrange a meeting with her.

I arrived a bit early. I was booked for 16:00. I contacted the agency and they agreed that 15:30 was OK with Cherry. When I knocked on the door I could hear Polish voices. The door opened inwards while Cherry was hiding behind it. A very slim beautiful young lady in a black dress greeted me. I had asked the agency if she could dress with a short skirt and open g-string in the style of Lola Luna.

She gave me a clean towel and I then had a shower. I came out of the shower and sat next to her on the bed. We started kissing. My hand wandered over her body, stroking the inside of her thighs and eventually fondling her pussy over the material of her knickers. We kissed a bit more and then stood up in front of the mirror. She removed her dress and was disappointed that she wasn't wearing a g-string as requested. The agency hadn't told her, so I explained. She then left the room to fetch the black lace body suit that you can see in her profile pictures. String back with an open front so you can see and touch her pussy. We carried on kissing and snogging a bit more, my cock becoming harder and rubbing against her as we stood up. We went onto the bed. The body

stocking now gone. Lots of caressing and kissing. She lay on her back and I licked her delicate little pussy making her aroused. I then asked her if she didn't mind me using my own condoms (Durex Pleasuremax, I had never used them before and was curious to try them) she agreed. We fucked in cowgirl where she rode me to her liking, getting wet and horny. The condom was squeezing my cock too much and I lost my erection. I was also very tired as I had arrived home at 03:30 that same morning and was not able to perform to my best. However, Cherry was excellent. She slipped off the condom and gave me a soft wet blow-job, just the way I like it for quite a long time. We then switched to 69 where I ate her pussy and stroked her arsehole with my finger which she seemed to like. We changed again so this time she was sucking me while her pussy was exposed so I stroked her with my fingers, making her very wet, unfortunately I didn't make her come. However, she was very aroused so I slipped a finger into her anus, she didn't object, I pushed it in even more, she carried on sucking my cock. I then managed to double penetrate her with two fingers, 'Do you like this??' I asked, she nodded approval, my cock was filling her mouth so she couldn't speak. I masturbated her in this way making her even more aroused until I shot a big load into her mouth which she took without removing her mouth, although she didn't swallow. She went to the bathroom to rinse her mouth. I went to wash my hands.

I think Cherry is one of those women who genuinely likes men. When our session was nearly over with only fifteen minutes left, she looked at me inquisitively and asked,

'where are you from, it's difficult to tell?'

I smiled. I speak English as a first language. I kept her guessing for a while and then told her,

'I am Italian, but grew up here?'

'Do you speak Italian?'

'Yes?'

She looked at me doubtfully, as if to say I don't believe you. I then gave her an example of medieval Italian literature;

? Nel mezzo del cammin di nostra vita
mi ritrovai per una selva oscura,
ch? la diritta via era smarrita. ?

(half way through the journey of our life
I found myself in a dark wood/forest
where the straight way was lost)

She looked at me intrigued.

'So this is a poem? That's nice?'

I explained to her about Dante Alighieri and his poem The Divine Comedy, which is a medieval work of philosophy and psychology, about the human condition and our place in the universe. The first line is an allegory of a middle aged man trying to come to terms with his own life. The second circle of the Inferno (Hell) the first part of this work, is reserved for those condemned for the sin of lust. Cherry then told me her new pictures depict her as the devil, which made the quote seem appropriate. A middle aged man who has lost his way - me, a naughty young woman - Cherry, dressed as the devil.

I can see myself being inspired by such a sexy young woman as Cherry (as Dante was by his muse Beatrice) and ending up in the second circle of hell for all my previous encounters, and seeing all you lot, Working Girls and Punters, in the afterlife. Sounds like an entertaining place to be

;-)

I told her about punternet. She was not aware of this site so I took my smart phone and logged into the site and showed her a field report on her (110352). She was fascinated by this and totally unaware of punternet.

?What do guys write about me??

?Cherry is beautiful, sexy and horny. I am in love with her but she takes no notice of me. I am in love with her but she doesn't want to marry me me, I am going to throw myself into the river? I said jokingly, imitating a lovelorn customer. Cherry laughed.

?I don't want to make anybody sad or unhappy? Cherry laughed again.

?It's a joke?, I reassured her, ?the guys say good things about you?

I showed her some more and I think that she quite likes the idea of punternet as I explained to her that she could post rebuttals from guys that leave negative feedback.

We spoke a lot more about other things as well. She told me that she divides her time between Edinburgh and London and will be working in London until the end of the year, maybe into spring 2013. She was off for a while to finish her studies which explains why she was unavailable for a long time. When she asked me where I live (Enfield) she laughed and was surprised that I live in the same part of North London as her friend. Small world, I was thinking, then I said to her,

?Maybe you come and see next time you visit your friend??

?Great, we could go out for a drink? she said suddenly

?Wow, I got myself a date!?.

How I would love to meet up with her some day. But it was all just a good laugh. She carried on kissing me until we reached the door. I felt like I could of stayed longer, there was no pressure for me to leave. One final kiss and I told her what a wonderful time I had and what a great girl she is, and ? this isn't too bad either? I said stroking her pussy for the last time. She laughed once more, one final kiss and I left feeling ecstatic.

Needles to say I going to recommend. The only drawback for me is the cost. ?180 per hour is a bit more then I would normally pay, although I will try and see her one more time before the end of the year. At these prices the girl has to be good-looking, sexy, responsive, actually like being with men (maybe even enjoying herself sometimes), so I would say expensive, but good value for money.
