The Premises:

A modern apartment 2 mins walk from Train station, appeared to be clean the bit I saw, you could hear other female voices in the living room

The Lady:

Certainly not the girl in picture and not 22 years old student. Small resonable looking wearing a baby doll nightie!!

The Story:

I have never written a report before and have been punting for well over 30 years but this was a total rip off, spent more time cleaning my fingers and every where she could get a wipe even though i had showered, kept saying she had to go to toilet really one to avoid places like this spoil it for genuine girls.
