The Premises:

the usual place reported many times before. A silent street where I felt perfectly safe.

The Lady:

Adele is a real woman with curves in all the right places, but her most noticeable feature is her smile. When she smiles her eyes sparkle and it becomes apparent that she truly enjoys a good laugh.

The Story:

Within the two hours I truly enjoyed myself and it appeared that Adele did too. Not once did I feel that she was just going through the motions but felt all her attention was directed towards me and was made to feel very special.

The conversation seemed to flow easily between the bouts of sex, and Adele seems to have a good sense of humour that is a great ice breaker.

My only wish is that I could have spent more time, but alas.....
