The Lady:

Late 20's blue-eyed blonde with a divine size 8 figure, 34E bust and only 5 feet 3 in her stockinged feet. Take it from me that the photos on the web-site are very much the real thing.

The Story:

I had seen Lucy several times in the past so we did not need to bother with introductions etc. She is a smashing girl and does seem to enjoy her job which is not always the case with escorts. Once in the apartment she took me to the bedroom, got me a drink of water and then got quickly down to business. We undressed in a jiff and started with a relaxing bit of OWO to get familiar again followed by a quick but not too intense appetiser in mish to get warmed up on what was a cold morning. Before getting close to the point of no return the condom was binned to be replaced by some really intimate kissing and mutual stroking followed by a tasty and satisfying soixante neuf (69 to the rest of us).

Lucy then suggested that it was time for sex again so it was a fresh condom with her on top and doing a fine job of it too. I'm not the biggest fan of doggie so we skipped that, I much prefer missionary so a change of position was all that was needed to bring matters to a slow and, for me anyway, passionate climax.

Then a bit of chat while I got ready and sorted some money out for her, a peck on the cheek and it was back home for some rest after the delightful exertions of the morning.
