### The Story:

It was my first experience of Ego-Massage and having migrated from other 'well known' escort establishments in MK, I was a little unsure as to how far this new experience would go.

Ashleigh has a pleasing personality and I found her very easy to engage in conversation. Having completed the initial massage round (back/front) and the wonderful body to body experience, she asked whether I would like to reciprocate, which I duly accepted with glee.

What a wonderful experience, applying oil to her firm young body, wonderful breasts and tight backside, whilst trying to keep my erection, from disturbing proceedings. Finally she beckoned me to return to the treatment couch for the final round, during which she actively encouraged me to touch her sensual parts in the build up to a wonderful orgasm. Wow
