The Story:

Bonfire night and my mind is full of catherine wheels,sparklers and rockets that for some reason makes me desperately in need of quick sex. Luckily I am in Milton Keynes so I phone Annabellas and ask who is available. It seems wizz bangs and flames excites lots of people as they are really busy. The line up of girls is stunning with at least 6 working today who I consider must see quality. Last visit I had heard a delightful laugh from the kitchen and was told it was Demi so chose her. What a good choice ! Sex is simple for me as I like kissing.owo,69,masturbation,cowboy and doggy sex, As I am clean,smell nice and pay I get what I want very easily.If I am lucky I get excellent service so I write a field report to help the girl and fellow punters. If I have a really special time I tip. Demi received an extra tenner !

She is not the wildest sexual being such as the divine Carmen nor is she the possessor of the perfect body such as Parissa but she is the sweetest,prettiest young girl who really enjoys her sex,At one point she had been riding me hard for 10 minutes so she rested and leaned forward and kissed me deeply. I pushed her hair back,gently put a hand either side of her head stared into her eyes and began to fuck her slowly building to a crescendo."that is sooo good" she whispered and let herself slip into orgasm.

Demi was fun from walking into the room and giving me an orange juice and chocolate kiss to teasing me at the end when she put her bra on and covered her scrumptious breasts. I am looking forward to next Monday already.
