### The Story:

Been wanting to meet Adele for months but could never get free on one of her working days, and then I saw her name added on for a Saturday....

She walked into the room and I literally gasped, I thought I had an idea of her beauty from her pics but the real her is a thousand times more sexy.

After sorting out the finances she asked me what I liked or didn't like doing and if I liked kissing.

After I said yes she slid her arm around my neck and pulled my face closer for one of the most passionate kisses I've had in a long time while she started undressing me.

Onto the bed and she immediately grabbed the Little Melchy and started sucking with a passion until I asked if I could have some oral fun too. She turned round and my eyes lit up as my face went between her legs. I could quite happily stayed there for the whole appointment or all day for that matter!

But the lady had other ideas, slipping a muzzle cover over my little soldier she straddled my hips.

What happened then was mostly a blur of images as she ravished me until I was almost there.

At that point she threw me back on the bed, whipped off the rubber raincoat and went at it like a demon possessed! I tried to hold on as long as I could but with a combination of her amazing oral skills, dirty pornstar hand skills and all the while talking to me with that soft sexy S. African accent I couldn't hold back.

To my surprise she sucked down every drop with a smile and tried to milk as much as she could from me as I laid back, happily and blissfully destroyed!

Over the years I've met some of the best girls in MK and all over the country, Adele is right up there with the very best of them.

I can't wait to see her again, next time for much longer!
