The Premises:

Usual place near the shopping centre, well reported before.

The Lady:

As her name suggests she is a little pixie nymph, with a great body and a sparkling smile she greets you with a kiss.

The Story:

Of the two hours spent with her over the first hour and a half there was no need for talking. After asking if there was anything specific I required and finding out I liked to go with the flow, it was action all the way. From deep french kissing to sweaty sex at it's best. she says she loves her job and I fully believe her, I now fully appreciate how she is getting her reputation. If she enjoyed herself half as much as me she would have had a truly fantastic day.

If you read this Pixie thanks once again.
