The Lady:

Kara's appearance is exactly as it is on the photos in her website. This lady has Italian heritage - Roman to be exact. So, think - classical beauty (an Emperor's wife or mistress) - eyes to melt into, long black hair, very buxom with a luxuriously curvy body and. She is a beautifully mature lady.

The Story:

Writing only as an occasional punter I have to say that my instincts were perfectly correct in arranging a booking with this lady. Having initially contacted her by email, she showed herself to be courteous and polite in arranging the time and date. Meeting her in no way disappointed: she is as beautiful as her gallery pictures suggest and has a great range of conversation and interests. Right from crossing her threshold to leaving more than two hours later, she was a delight to be with. Any nerves soon disappeared. Not only is she charming company, this lady is highly erotic with a classically curvy body. After a couple of drinks, both of us were very relaxed and moved into the bedroom where the main part of the action took place. I won't go into the personal details other than to say that she knows how to please, and some time later after exploring across her more than ample breasts, we were both lay exhausted and relaxed lying in each others arms. A really great time.

Definitely recommend visiting this lady and I will be returning soon.
