### The Premises:

The first floor flat was on the second and third floors of a small modern terraced house off a busy main road. It was clean and tidy and I felt completely safe

### The Lady:

The two Thai girls giving the "four hands massage" were called Ya Ya and Candy. Both were under thirty, Ya Ya older and though not as pretty as the lovely bubbly Candy, she was pretty enough. Both were slim, typical Thai build.

### The Story:

I really enjoyed this experience. The girls were friendly, their English pretty good. They joked and chatted, and at one point apologized for speaking to each other in Thai - they explained they were deciding who was going to touch my arse first! Usual massage rules, first on my tummy, great massage (I was given the option of hard or soft), wandering hands before not too long. Then on my back, when expert hand relief started almost immediately. "now look what you've done, you've made a mess on yourself" said Candy. They both remained fully clothed, but didn't mind a hand on each of their bums. With four hands simultaneously everywhere, I've only ever had a better Thai massage in the Hague, which was a full body massage. If you're happy not having sex you won't do much better than this. Wednesday is their special deal day, ?60 instead of ?80, plus ?10 for the hand relief.
