The Premises:

Kate had a small basement flat near Maida Vale tube. It was very easy to find based on her description and all was generally clean and wholesome.

The Lady:

Kate is an older lady, quite petite with shoulder length hair and a nice face. Her most obvious physical asset is her breasts, which are VERY large and certainly natural.

The Story:

Had seen Kate's photos and she fitted the description of what I was interested (ultra-busty, mature, GFE). Called her once to book and an hour later to confirm (she had to travel to the flat, so some advance notice is necessary).

Kate greeted me at the door, soberly dressed. She let me in, we took care of the financial side of things and I freshened up while she got changed. In the corset, her breasts look large. When she took it off, they exploded several sizes.

Very expert OWO and DFK, all at a relaxed pace, which is what I wanted. Got to grips with her bustline (licking, fondoling, titwank) Condom on, sex in various positions and when I couldn't take it anymore, I emptied myself on her substantial assets. Washed again, dressed and said goodbye.

Kate is an educated woman and we had quite a nice chat during all of this. Very agreeable late morning in London. Fans of breasts and mature women highly recommended.
