The Premises:

Shared flat above a back-street garage. Be warned that everybody at the garage knows what is going on so expect various shouted words of encouragement and/or warning and/or knowing looks as you go up the very public external staircase. Inside is shabby with no curtains.

The Lady:

Good looking olive skinned Romanian girl in her late teens/very early 20s. Trim neat body with small pert breasts.

The Story:

Not a good experience. The basic price is ?80, not ?60 as advertised. Everything beyond sticking-it-in-and-wiggling-it-about is extra. I paid for various extras but was only allowed five minutes of basic sex, after which I was told that my 5 inch tiddler was "too big" (the first time anyone has ever told me that) and so no more sex. I left grumpily feeling ripped off.

Now I face the dilemma that all punters face eventually. Do I return to the site of a bad experience because the girl is damn hot. Head says no but cock says yes and I think cock has the better of the argument. So it's a "No" and a "Yes" in that order....
