The Story:

This was the second time I have seen Elsie and the whole experience was fantastic. Her flat is clean and feels very safe and welcoming. I was shown the bathroom and after I showered Elsie was waiting for me in the bedroom. She was extremely welcoming and it seemed during my entire time there the entire world only extended to the edge of her bed. Elsie is very intimate and as the date progressed the more we talked, the more I could respect and trust her the more intense the experience became. Everything just flowed during my time with her and I felt absolutely elated at the end.

Elsie is beautiful, wonderful intelligent, caring and very empathic and really cannot wait to see her again
