The Story:

as id just come from a different escort from another agency not what i wanted and i failed to rise to the occasion.. Disappointed i book katie at short notice wanting to see if the problem was just me... As it was the end of the night we went to the room and as she removed her clothes i was not disapointed at all she looked stunning. Starting with owo (which i would recomend to everyone) her technique was incredible.. Wrapper on and in mish she showed how flexible she was by putting her knees into my shoulders..wow.. I think she sensed i wasnt to happy about my earlier encounter and thew in a little ego massage (thanks x) failing to finish no reflection on her performance, just not my night to which katie was very appologetic and seem genuinely too feel bad.. but just means i'll definatly be going back to finish what we started.
