The Premises:

Basic rented accommodation off the high street. Bedroom again basic, cheap furnishings, laminate flooring. Easy enough to access. Best time to park is after 2pm. Safe as any high street at daytime. i heard others in the flat, who made themselves visible after the punt. Youngish man and woman, seemed normal enough, and not likely to try on a scam.

The Lady:

As seen in the aw site, once undressed, but came to the door in pyjamas. young ee woman, shaved, slim to medium but not athletic figure. Clean body, although during the massage i detected some pungency in the groin area. In effect, expectable of a young person slobbering about at home. As a person she's fine, but i don't recommend as she offers very little in expertise or skill.

The Story:

She is inclined to rush the meet. But it may be her age. She may well not have found me attractive or suited to her. She showed me her strap on and we chuckled a bit. She let me massage her for 15 minutes. She tried again, but she seems to have limited experience or skills, and was soon suggesting it was pointless. which it was, and we agreed to give up at that point. So I expect if you are ready to go and its easy for her, you will get a serviceable bonk. But if it requires any work on her behalf, don't expect much.
