oriental lady 5f feet 2" tall size 8, aged about 28-30, said her name was yoko (tokyo), very nice pair of breasts about 34dd

The Story:

called the lady was told that she was independant, it soon transpired that she was was not, but she actually was from a massage parlour, she was working in soutampton for 2 wks and will be heading back to london, the massage parlour come escort service rotate girls regularly

she provided a very good dry massage, followed by some ball sucking and licking, covered oral, deep and hard. this followed sex in a number of positions finished hard in doggy, but this was accompanied with the usual not to hard please your too strong comments which i always find amusing as they all come from the oriental darlings, anyway cleaned up and had another massage. overall ok service
