The Lady:

Melanie is very attractive, one size bigger than what is shown in the pictures but still nice figure and cute face.
Abbie has seen better years. Her face is not as pretty as in the pictures and her stomach is very flaccid.

The Story:

I wanted a duo before I took my flight home and I did not have much time. The agency said these ladies would accommodate to see me in the morning. The photos look ok and I accepted.
When I arrived to their apartment, both of them greet me with a smile; and both of them were wearing school girl like outfits as I requested. We took care of business quickly and I took a quick shower. The session started well with some LFK while I caressed their bodies. They took me to bed but then they put a condom on, I was hoping for OWO. They are not really into girls and it was more a tag team where one will play with me while the other took a rest. I did miss with Abby for a while and apparently she came; then I did the same with Melanie but after 5 minutes she asked me to get off because it was hurting. I finally came with a hand job with both laying to each side.
There was still time and the offer a massage, we chat a little bit and somehow we end up in some sort of argument about how bad was their job. I did not want to be confrontational, but I did not want to hear them complain either about sometime I was hoping they were enjoying.
I tried to come again with another hand job but there was not enough time and it did not feel good enough.
In resume, a disappointing experience and I even think they cut my time short.
