The Premises:

Classy flat in a block near the Princess Margaret Hospital. Keyphone entry. Parking a bit of a problem. Clean and warm. We used a 3' wide single bed which was not ideal but sufficed.

The Lady:

Absolutely drop dead gorgeous. Her photos on the website gave me a hard on so that should give you some idea. Quite tall, beautiful face and body, lovely breasts...I could go on and on. She is 42 and from Poland. Her English is not too good but if you can ignore that Vanessa should be on every guys bucket list!!!

The Story:

Very friendly and accommodating. She obviously loved kissing (so do I) and we DFK'd for all it's worth. She has lovely skin and appreciates gentleness which I specialise in!

OWO was followed by a protracted session in 69. She has the most fantastic fanny and I could have spent all day down there if only I'd won the lottery! We progressed to missionary and I was in heaven. I managed to make this last about 8-10 minutes by taking it slowly and she clearly appreciated the skill I have acquired over a lifetime of practice. Afterwards we relaxed and chatted for a few minutes before it was time to go.

Highly recommended.
