The Premises:

Had been here some years ago and found it tired and drab. I was in the town so decided to give it another go. Wish I hadn't. It is now even worse!! But the worst thing was it was freezing. Met at the Reception by Penny and was told that she and another "girl" were available. Paid ?15 and showered in a scruffy and far from clean shower. As I was drying myself a little guy came into the room and said both "girls" were busy. I told him that it was freezing and I wanted to wait somewhere warmer. He offered a bathrobe but I declined due to the general level of hygiene in the establishment. He showed me into one of the massage rooms which was still cold and so I huddled around an oil filled radiator. I nearly decided to leave but after about 15 minutes Penny came in and said she and the other girl were now available. I don't remember the other "girl's" name but she looked singularly unattractive and so I picked Penny.

The Lady:

To be fair Penny has a nice personality. She is described as in her mid-forties but I think there has been some poetic license on that fact. The web site says she is 34 DD and I think that is about right and her body isn't bad for her age.

The Story:

Again to be fair Penny gave me a nice back massage. We then discussed the menu. ?30 for hand relief. ?40 for covered oral. ?50 for sex. ?60 for covered oral and sex. ?70 for covered oral, sex and reverse oral. Now this is the thing that really bugs me. Surely if you pay ?50 for sex it should include covered oral because if you have to pay ?60 for both you are paying twice for oral. Also if the girl doesn't want to do OWO because she doesn't like it or for health reasons that's her choice but to charge another ?10 to pleasure her and possibly risk your health is a bit of a cheek. Anyway the room was so cold I doubted the old man would rise to the occasion but I elected for oral. After a little cuddling I got hard and Penny put on the mac. I came quite quickly as usual. I can't recommend Penny because of the sad place in which she works and because of the pricing structure. ?75-?85 without OWO is just too much to pay.
