The Premises:

Place is better than most. Room was clean.

The Lady:

Very pretty face and alluring. The photographer was a real artist though as she is definitely not as pretty as the pictures. She has some cellulitis (ass) and her breasts are definitely not C (actually they are not pretty at all).

The Story:

It was well below average. Not really GFE: she is distant and not into it. She is at every instant worried about hygiene (eg she checked the condom every 15 seconds when having sex). She put way too much lubricant. Money is clearly THE only driver (you'd like to have some other ones). Very time conscious. The one good thing is that she did not answer the phone when it rang.
