A tall Hungarian girl with long legs and brunette hair.

### The Story:

I've seen Candy before, she has used different names and used to live around Dollis Hill. She has been around for a few years now, and that, I think, shows in her service. I opted to stay for an hour and gave her the money, suddenly everything was extra, despite telling me otherwise on the phone beforehand. She wanted things to finish quickly and said she didn't like to do many services. I felt that she just wanted me out of the door as soon as she got my money, so I left after half an hour quite disappointed. She shares a flat with a few other girls and I did think about seeing two girls, but was glad I changed my mind. I won't be going back.
