The Premises:

Nice clean student-type flat in residential street in the Berrylands area of Surbiton. Sissy has it sparse and tidy and a lot nicer than my flat! It was nicely warm as it was a cold day outside.

The Lady:

Sissy is a beautiful Chinese girl, about 5'4", slim, dark hair and very pretty. I'd asked her to dress casually, she was wearing jeans and a semi see through top with no bra, as requested. If she were to walk down the street like this heads would certainly turn.

The Story:

Sissy had given me the postcode a few days earlier so I knew exactly where I was going, I rang her ten minutes before I was due and she gave me the address. I was in her arms before the allotted time :-)

I'd asked for a GFE and that's exactly what I got, she greeted me like a lover she hadn't seen for awhile, kissing, fondling, cuddling, stroking....we fell to the sofa and between kisses chatted about everything/anything. A few light brushes of my groin began to arouse me....after a short while we undressed each other, with her continuing to ever-so gently play with my member.

After a shower together we ended up on the bed where Sissy asked if I had any particular likes, then she gave me the best orgasm I've had for a long long time.

After we cuddled a little, looked at pet photos on each others phones, chatted some more until I noticed I'd had over the booked hour.

Confucious apparently said - give someone a job they like and they'll never have to work again, well he was probably talking about Sissy!

An absolutely delightful girl, who knows exactly how to treat a man, treat her gently and considerately.
