The Story:

I had met Sarah before (about 18 months ago), a couple of times, and she struck me as very self assured, confident, well aware of her beauty, which translated into a more detached attitude and some more "conservative" services. In other words, I had always felt constrained and never truly or fully enjoyed our time together. This time I decided to play the power card, and from the outset took a much more dominant approach to the meeting. It worked... After the usual procedures, I had her strip naked but in high heels and gently pushed her down to her knees so that she could suck me, OWO. I told her I wanted her to be good at it, and gradually started to fuck her mouth, holding her head tight and leaving her really no option. I am attractive and have a nice cock, and I think that she gradually accepted and enjoyed the idea of being dominated. I pounded that mouth with dedication, forcing some considerable deep throat from the girl, and having her lick my balls when in need for respite. I doubt she's ever been that slutty and submissive before, but I really did not give her the chance to object. After a good 10 minutes of this, slipped on the condom and took her mish, then doggy and then from behind standing. I pounded her incredibly hard and she took it all, moaning and screaming, for some 10-15 minutes. Suddenly, I pulled out, turned her around, pushed her to her knees and wanked on her face, holding her head firm to ensure she took it all - and then thrust it into her mouth for a good lick.

When she re-emerged from the bathroom, still a bit hazed, we had some interesting conversation, until (while lying flat on the bed), I asked her to suck me again and guided her face towards my cock. Again fucked her face with some vigor until I deposited a nice mouthful in her, and made sure she took every drop. Went to the bathroom to spit it out, but she had certainly tasted it...

Left but told her I'd be back soon for more of the same, and she had a smirk. As I said, I think she had found the entire meeting...refreshing.
