### The Premises:

Small studio flat. Clean, warm place in a quiet block. I know the area well and feel safe going there.

### The Lady:

Black African lady in her early thirties. Attractive, Tall (5ft10 inches in her bare feet), soft curvaceous figure and remarkably large natural breasts with big nipples. Nice big bottom too.

### The Story:

This was my second visit to Dakota and having enjoyed myself the previous time I felt moved to write about it. She is a lovely, warm and friendly woman who put me at my ease straight away and helped me shower, not something I have experienced before but very pleasant all the same. We went to her bed, lay down and played with each other before having sex. Her body is astonishing, simple as that. She told me her breasts are a 34L cup, though they were previously an M (she has lost weight). Aside from her body, Dakota has a good line in chat and we spent quite a long time talking while I worked myself to a climax. After she handed me some tissues to clean up, I had another quick shower and bade her goodbye. Will definitely see her again though.
