The Premises:

1st floor maisonette. Bedroom is tiny, hardly any space around the double bed.

The Lady:

She's not a bad looking lady. Long dark hair, interesting eyes. Said she had a baby but she has a nice slim body.

The Story:

Writing this to warn others not to visit. She is totally disinterested in doing this. Agreed on the phone beforehand that she did kissing, OWO, CIM. After handing over the cash, she then said she didn't do any of those things. Proceeded to give me a very half-hearted BJ, and when she asked why I was not getting hard I explained that the experience was not sexy. She said she doesn't do OWO as 'all of the guys who see her have dirty dicks!' Perhaps a bit of honesty with punters - instead of downright lies to get them to part with their money - would go a long way...

During the time spent there she constantly answered her phone when in rang or had an incoming text. At one point another punter knocked on her door, she shouted out of the window to them she didn't want to see them. Probably told the entire street that as well.

I didn't cum and quite frankly, though it was a bad experience, I am glad I saw her so I can warn you guys not to see her. She advertises on the purple site, but I saw report no. 109916 on Punternet which more or less describes the same experience, and she used to work under the name of Vanda.

Avoid like the plague.
