The Story:

I went to London to enjoy Christmas but after having discovered Jada, I forgot about Christmas. She is a sex machine enough to just milk everything out of you. I saw her for 7 times during the ten days I spent there and spent my shopping budget on her.

She is not very tight, probably because she is available almost everyday, but she can tighten her grip with her vagina which can make you go crazy. I fucked her in every position possible and if you treat her nice, you can touch everywhere you want to. In one of my session, i fucked her thrice and thrice I came and she also made it look like she came all the 3 times. I dont know from where I got the energy and from where she has this appetite, knowing that she must have fucked around more than a dozen times that day.

She is out of this world. I am planning my next trip to London as soon as I can pile up my savings
