Basement flat in a road off Kilburn High Road NW6. Clean and comfortable enough. Suitable for the purpose. There are normally five or six girls available to choose from.

The Lady:

South African girl, about 5'7", nice personality, smooth skin and clean shaven. Jessie seemed a bubbly sort of girl and easy company. Her breasts are quite small, but her arse is to die for and her pussy very responsive to my tongue.

The Story:

Found myself back in Kilburn again and feeling horny. I was a bit pushed for time so I decided to call up and try a short appointment. Jessie opened the door to me wrapped only in a towel. She greeted me like a long lost friend, kissed me on the lips and said she would look after me. I was then shown in to a room where the other girls were lined up, but I had already decided on Jenny for this appointment. We repaired to the bedroom and after she had discarded the towel, with her back to me, she was texting someone on her phone. I kissed her on her neck, shoulders, the small of her back and both cheeks of her arse. She giggled. I lay her down on the bed and began to kiss her breasts, stomach, thighs.... I guess you know where I'm going with this. After a prolonged feasting at the Y, which Jessie really seemed to enjoy, she lifted her legs higher and invited me in. I pumped away happily, but could not come. She changed position and offered herself to me "doggie" style. Again I pumped away, but regretfully, I was sweating profusely and still unable to come also, by now, I had run out of time. Jessie was concerned that the fault might be with her, but I assured her it was not. I think that at my age, I need to take a more leisurely time about this hobby and stay for longer than a half hour. I am happy to recommend Jessie to others and the "Parlour" in general. I will be back to see her and there is also a Portugese girl who caught my eye.....
