The Premises:

Big block of Victorian flats just near Edgeware Rd tube. Easy enough to find. Flat itself clean and tidy.

The Lady:

She looks as she does in her photo on the website with particularly nice breasts. Slim, fit and young.

The Story:

Very disappointed, she let me in wearing a horrible old dressing gown and ushered me in to her room. She took her money indicating I should get undressed whilst she put it away.

I prefer at least some pretence at seduction so waited til she got back. She just told me to get undressed and lie down, whilst she took off her gown staying in her bra and panties. Then without ceremony put a condom on my still limp dick, and tried to get me erect by vigorous sucking and wanking. This was painful rather rather erotic, and my erection did not materialise.

I asked her to take her bra off, took the condom off and got myself erect. She put another one on and went back to her over vigorous manipulation, expecting me to cum there and then after having been in the room 10 minutes. I asked for sex and she reluctantly took off her panties. Missionary position for a bit began to get me going, but she refused doggy.

In the end I had to wank myself off whilst feeling her tits.... not what I had been hoping for.
