The Premises:

Ground floor flat, quite safe, easily found with plenty of free parking.

The Lady:

Very attractive blonde, bout 5'7, slim, hair quite short in a very attractive bob.

The Story:

Went down hill as soon as the door was closed.

No kissing, very little by way of physical contact. Lady tried to apply condom before even giving me the slightest wank to get me hard. Didn't even remove her clothes to show me her boobs or anything.

In all, I got a shit handjob, 30 seconds of oral (covered, and poorly delivered).

This is the first negative report I have ever submitted!. The lady herself was very attractive and pleasing on the eye. However service do not match up to her Another Website profile.

I would suggest she is quite new to the industry, and not particularly keen.

I did make a complaint to the mid, who offered ?10 a session with another lady - not a chance as she reminded me of grotbags from the 80's kids show!!

I certainly will not be returning and would advise all other to avoid. As stated the lady is herself very attractive, however not interested - and seems uneasy with the whole situation.
