The Story:

Details obtained from another website though what was advertised wasn't exactly correct. She appeared older than the 37 she stated in her advert, but that wasn't really a problem because her body compensated for that. Unfortunately that's as good as it got. I went to hand her the ?60 for the half hour service that was in her ad but she told me those details were wrong and it was ?80. She did offer to give me an hour for ?100, but I declined as I had a feeling things weren't going to go too well. I was right. OWO lasted all of 30 seconds when she said she needed fucking as she hadn't had it all day! So on with the condom and into the missionary position. No attempts to kiss, no attempts to talk, and after about two minutes she said I was hurting her and suggested I wank over her. This I did, over her pussy, as she made a few moans. And that was it. Done.

To be fair she was fairly friendly, but apart from that I felt what was shown in her ad wasn't a true reflection on what was offered, and I departed feeling somewhat cheated. Oh well, you live and learn.
