The Lady:

Lilly is about 5.4ft and about 40kg just under shoulder length brown hair with brown eyes she looks amazing she has cute dimples every side of her lips when she smiles

The Story:

On arrival I had a quick shower to freshen up. When we went into the room Lilly gave me a nice warm kiss and started to help me undress. She then removed her top and slipped out of her tight jean shorts to reveal her amazing tight body. She then sat on the bed and asked me to remove her bra, which I did. I then joined her on the bed for some passionate french kissing. She then removed my shorts and started to give me OWO. I then gave her oral, she was so wet and juicy. We then moved to 69 and then sex with her on top so she could control how deep I went. After a couple of mins she finally received my full length. We also did doggy with her pushing back on me and then me on top, final position was her back on top. I finished with Lilly jerking me off until I finally exploded. During our time Lilly came 3 times which made the experience even better once during oral and twice with her on top, with passionate kissing throughout. We then had a shower just before I left leaving.
