The Premises:

Helen's flat was in a new estate so her directions were vital. It was modern, very clean and nicely warm. Not many people about and the anonymity of a block of flats helped being discreet.

The Lady:

Helen is average height, brunette and has a stunning figure with lovely soft, smooth skin. Her pussy is totally shaved and there was no stubble at all - excellent for giving oral and stroking. She wore a subtle perfume, her hair was clean and soft, and her make up is natural looking and well done. She speaks with a soft, educated tone and holds good conversation.

The Story:

I had a particular fantasy I wanted to role play which I texted to Helen beforehand. She was up for this and carried out the role play very well.

She kisses passionately and performs the best oral sex I've experienced. She enjoyed changing position and was a keen participant in our sex play. She wasn't clock watching but did manage to make me cum as we approached the 45 minute time. However she did not rush me to finish and leave - she kissed me back to normality and stayed to chat some more until I was dressed and ready to go.
