The Premises:

Nice, clean, bright. It was easy to find with the directions she gave. But google map let me down.

The Lady:

Pretty eye, very similar to the picture. I asked her to wear a skirt and blouse but she wore an evening dress. Nice figure and very welcoming. She speaks very broken and basic English.

The Story:

Carol, is a pretty lady. She has a great figure and lovely bosoms. But it is a pity she doesn't like to be touched.

After we took care of business, Carol went away then returned. I was sitting on a chair, she came in and immediately started to take her dress off. Not a problem at that point but I asked her to stop and come and sit on my lap. she did for a few seconds and then jumped up when I started to stroke her leg. I asked her to sit down again but she said no and got me up and pointed to the bed, lets just go there and have fun.

she dropped her dress and put a sheet over her bed, laid down and said come on, put it in. I wanted to play a little so I started to stroke her. carol got a little annoyed and wanted to speed things up. repeating the words let have 'fun'. I asked for a rubber put it on and went in. She didn't enjoy what was happening and had her face all screwed up and eyes tight shut. When I touch her breast she immediately stopped me by holding my hand.

After I came, I rested for a while and started stroking carol, she beat my hand away. We talked for a while, she rubbed my back and then I wanted to go again. (Usually when I pay for an hour I have 2 goes) but she said no only once. We talked a little more and she rubbed my shoulders which wasn't the greatest but then again I wasn't there for a massage.

I asked her again if we could go again but she said no. she didn't want to play and talking to her didn't go far.

I got dressed and left after 45 minutes. very disappointed and wished I had gone else where.
