The Lady:

Photos on site are reasonably accurate, if a little "improved". But who cares, as she's blonde, busty and has a cute French accent. Also as requested, wearing nice lingerie.

The Story:

Reading previous reports of Sirens I had some concerns they were fake. As all were very very positive about both the ladies and Amelia who runs the agency. Was this too good to be true?

The answer is no, the truth is that good. First the agency, Amelia called me back quickly, was attentive to my requests, describing my kinky needs as normal. She sent me text of recommendations and the details were sorted over a few following texts. She even texted me afterwards to check I had a good time. Clearly Amelia has been reading the 7 S's of Service Marketing and is on her way to a Service Excellence Award from the Cabinet Orifice.

Lucy Jade was also fantastic. She turned up early, yes early! She was worried about traffic etc and arrived early. Great bbbj, lots of attention, after a wipe, then deep rimming and small toy up my bum. Didn't get to any traditional action, instead straight to the backdoor for some pounding a levels. She was so good it quickly switched to delivering a large portion into her willing mouth. No clock watching and great fun.
