The Premises:

This was my 10th visit to Bombshell (Abbi) and it came about at incredibly short notice. We were swapping e-mails discussing forward dates and I enquired if she was available on the day. Abbi was booked but was cancelled at short notice, so I received the details of her up-market hotel, hopped into a taxi and was hugging Abbi in her huge room within 15 minutes, having had no problems passing to her room.

The Lady:

Normally Abbi takes great care in planning what she will wear when she meets me. On this occasion, she only had a few minutes and was dressed in a PVC mini-dress, bikini-type underwear and skyscraper Gucci shoes. I told her that rather than having to wait to see her I would not mind if she was in a flannellette nightie and curlers. Normally I book Abbi for 3 hours but we were limited for this impromptu meeting by Abbi's check-out time for her room.

The Story:

The shorter nature of this meeting encouraged us to head into action rather faster than we would usually. When we looked back on this meeting Abbi said that she must have been in a particularly horny mood. Given how horny Abbis is usually, this was rather off the scale. I will leave it to speculation how it was only necessary to remove Abbi's shoes before Abbi's first high. Her thong was discarded for the next few, then the rest of her outfit followed. We eased down a bit before Abbi started on me with those teasing ways that she has. That only served to get both of us rather worked up, so it was on with the protection before I experienced a good half-hour of Abbi using me for her satisfaction. Given how well Abbi knows her own body, we are both frequently surprised when I find novel ways to increase Abbi's pleasure when we are fooling around. Eventually, I could hold out no more and exploded with Abbi still bouncing on me. We had time for a cuddle and a chat before I showered and dressed in time for both of us to leave. I noted above that this was our tenth encounter. It is a measure of Abbi's versatility that each one has been quite different in nature from all of the others. Our next date is already in our diaries.
