The Premises:

Nice flat in one of the many blocks in the area with a very anonymous feel. The particular block took a little bit of finding, cranky keypad entry. P+D parking on street. Very nice inside.

The Lady:

Physically stunning mature lady with a perfect hourglass figure, slim legs, and a quite large and very pert pair of enhanced boobies. Wearing a black cocktail dress, high heels and a g-string..oh and a very welcoming smile. Beautiful eyes too.

The Story:

Maisie and I shared a cuppa and chatted for a while, very relaxed, I particularly enjoyed just watching her walk around, she has the kind of bod that just draws your eyes in..

I was feeling clean so we just moved to the bedroom and a very extended kissing session led to slow disrobing and eventually to a very sexy gfe with both chilled out and very passionate moments.

Maisie is a very intelligent and sophisticated lady and chatting to her around the action was also a pleasure.

Eventually we separated, another cuppa was provided while my legs got the strength back to walk, no sense of time passing or urgency to do anything else but you know you have to leave at some point. The fee was an afterthought, she never asked.

The final act was a very sexy we really must do this again last kiss - accompanied by a certain stirring down below. Another time I might have just headed straight back to the bedroom but alas the outside world did not allow that option, so I will just have to wait for another chance.

These are the meetings I punt for and 2013 just kicked into life
