The Premises:

Large basement flat, easy to find and pretty discreet. Nice safe area.
She shares the flat with another girl, but each girl has a separate bathroom.

The Lady:

Minnie greeted me in a red string outfit and a big smile. She was a bit shy but you can feel how she tries to give you her best service.

This young girl has a cute girl-next-door face and a very hot body still with some baby fat. Her breasts were so firm I had trouble figuring out if they were real or not (real!).

The Story:

After the service charge and a shower, Minnie was more than willing to show off her firm ass when I asked her to bend over and let me run my my hands all over her body. She went on her knees and started an enthusiastic BBBJ.

Continued to the bed where continued sucking me and pushing her clean shaven pussy against my face. Got capped and Minnie rode me with enjoyment (I think its her favourite position. After a few other positions I blew my 1st round doggy-style while enjoying the view of her bubblebutt. She went to cleab herself and came back to give me a relaxing massage and continued BBBJ to get me started.

2nd round was A-service. She lubed up and let me stretch her ass with my finger before I carefully pushed my dick into her tigh ass. She made low moans while I carefully went in all the way. I like to reach around and grab the girls pussy to stimulate her clit while I fuck her ass (this also allows me to push her butt against me. Guess my surprise when I felt her warm pussy starting to drip with juices while I was pounding her like no tomorrow!

She's very special girl who will go that extra mile to make you cum buckets. She told me she's in London on vacation from her work in Thailand and will go back in a month. Better try and visit her before she leaves!
