The Story:

After much debate I decided to have one more punt before attending my first LMP party.

I chose to punt with Millie from House of Divine because I havent had any sexual experiences with a black girl before and fancied a change... The flat was easy to get to after some initial confusion. (Knocked on the wrong door).

She entered the room and was quite attractive. I engaged with some DFK while I dressed down to my t-shirt and boxers. Her DFK was pretty decent. She then asked me to remove my clothes. I got totally naked. After doing so Millie suddenly says "You need to eat more?" (Background info, I've been abnormally thin my whole life due to having chrons disease.).

I was taken aback by the comment but chose to ignore it and carry on with the fun. Unfortunately as I lay down she mentioned it again and said "Dont you eat? You need to eat more..." The frustrating thing was I tried to ignore it but she went back to it. I think she mentioned it a total of 3 times. After that I told her I had chrons disease and she said "Sorry, I didnt know.".

The apology wasnt too sincere and the whole thing did dappen the mood of the whole punt for me. I've now punted with 30-35 girls and none has ever mentioned my weight. Only a couple about my chest but in a curious "Why is your chest like that?" way (I have an abnormal chest to add to the list lol). But the way Millie said it was neither playful nor curious.

It's quite a shame... If the comment wasnt made I probably would have enjoyed the punt alot more and really let myself go. But it felt like a small kick the ego. It made me feel very unattractive and

gave me the impression if I wasn't paying, she wouldn't see me because of my weight.

On other punts I've been on girls will often compliment me on being good looking (I'm average) and sometimes saying I have a big dick (Again, I'm average) But it adds to the fact they are trying to please me by being nice to me. Even if they aren't particularly true. When I get the reverse, the punt never goes down well.

On to the gritty details: Her OWO was the best I've ever had. And the sex was good. But to be honest... I left HOD probably on more of a downer than feeling good about myself.

After posting this I'm sure Millie will probably read it and my advice would be to avoid talking about anything negative with a punter. But with her experience I'm surprised she did mention my weight... After all I'm sure escorts see punters of all shapes and sizes.

If I could pick a negative or positive review. I would say neutral leaning towards negative ever so slightly... If you love OWO, this is the girl for you. But if a great attitude and connection is important to you... I'm not so sure.

When I think of this punt, I don't think of it as the greatest OWO I have ever got, but the worse comment I've got from a WG. Unfortunately doesn't give me much confidence to try a LMP.
