The Premises:

Budget "...lodge" hotel on Bath Road, fairly new place so clean and in good repair, parking in the carpark is expensive, better to park on nearby side streets.

The Lady:

She was as per pictures on the purple site. Very slim, shaved downstairs and small bust. Dark shoulder length hair, overall a nice package. At present she calls herself Kinky Monica.

The Story:

Her profile offers more than she did (for me) in reality.

Firstly she wanted to use the sofa and not the bed, a slight surprise but I went with it, then she kept her thick socks on (ugh!), next up oral with (I prefer WO), I asked for OWO and she said "I no do that."

She also advertises BB but when I showed her the profile she was a bit shocked. She refused any GFE and at that point I decided to see someone else that I know was in the hotel and would give me a much better experience, I then declined sex with her and this seemed to annoy her for some reason. I admit I did call the other lady straight after deciding to end the session.

Maybe it was her cold but I definitely will not see her again, even though her rates are very low.
