The Premises:

I was excited at my first visit to a hotel. It was very safe walked in straight to the lifts. No voice behind me no questions up and away.

The Lady:

Leah is well described on the 'other' site. She has small pert breasts, is well shaped and all woman with a very tanned skin lovely to stroke. Her hair is multi-layered and tinted. Her face is very pretty with a big smile.

The Story:

She loves to banter and talk we did. The breaks were after I had showered exchanged funds and taken off her knickers. Her mouth was then sucking my cock, she allows cum in the mouth and her bj technic is superb. My own groans and excited grunts were stifled, hotels are full of people grunting. On with the condom and with Leah riding me and sucking and tweaking my nipples she soon had me filling the johnny. There was no rush and a very skilled back massage soon had me excited again. This was helped by the stream of filth that I asked Leah to produce from her mouth. The 69 that followed stopped the stream of dirt but excited me as I massaged her cunt with my tongue a great taste. I also took advantage of the position to rimm her fantastic arse. Leah provides anal intercourse and I will indulge in a future visit. My second orgasm was straight into her mouth followed by snowball. Never any rush I left and walked through the foyer still without being noticed. I will organise a meet in the bar for a future visit and delight in the naughtiness.
