The Premises:

A prominent block on the Bath Road. I have been here at least twice before! Parking available onsite. Entryphone access. Lift to 4th floor. Working flat with other(s) I thought were there but not seen. Small bedroom, comfortable bed, clean and fit for purpose.

The Lady:

I saw her on the purple site and booked the appointment. However she was not the girl in the pictures so presumably all the details stated were also incorrect! However she was not bad looking. About mid 20s, short, tubby, nice tits and fanny (shaved), blonde hair, quite pretty from Poland. Moderate English language but not really good enough for conversation.

The Story:

She was a bit mechanical but compliant with my wishes (there were no "don't do this and thats"). Nice kisser. I enjoyed licking her tits before she put a condom on for "oral with". At my request she straddled me for a session of 69 which I enjoyed but was surprised that she didn't verbally respond to my ministrations as most girls do. We then went for it in missionary position. I managed to keep it going for some time and did elicit a response from her which I am sure was genuine and she seemed to enjoy it. After it was over she complimented me on both my erection and performance which was good for my ego.
