The Story:

I have wanted to visit the Retreat for some time but not plucked up the courage to do so. Amy was my first choice and so I was glad to be able to go on her day. She was very thorough in establishing what I wanted and what I did not. I had previously experienced some light domination and spanking but came to the Retreat because I wanted to step up a level, experience a proper caning and find out how far I could go.

I suggested to Amy that we play out a scenario where she discovers me reading porn and exacts her revenge with punishment before forgiving me and a happy ending. She played her part to perfection, delivering what she called a 'sensuous dom' This was a sort of tie and tease with reward as well as punishment.

I certainly got to test my limits with her cane. I still have her signature on my backside two days later and I shall never forget the site and feel of her standing over me swishing those canes across my bum. She finished off with a cover BJ.

Really great experience and Amy gave me some ideas of what she could do next time. I can't wait.
