The Premises:

The flat is just off the A3 and there is street parking nearby. Not far from a large Tesco store for more parking. There is a large timber merchants and a famous donut shop opposite. Entrance is on the main road but not a problem usually.

The Lady:

Sarah knocked me for six as soon as she came into the room. Very slim and not very busty but that isn't a problem for me, and she has to be one of the prettiest girls I've seen. Blonde, green/blue eyes and a sexy Irish accent.

The Story:

I discussed what I wanted and we sorted out the money, Sarah went out of the room and came back in just as I finished getting undressed. She started kissing me right away, not the cold pecking you sometimes get but really deep tongue action. She lubed up my cock and started to wank me slowly, it was great but not how I wanted to finish so I eased her hand off and she cleaned me up and started oral. After a few minutes I moved her to the edge of the bed and got my first look at her pussy. It was clean shaved and looked a picture, tasted wonderful too. I asked Sarah to get up onto all fours and licked her out from behind and the orgasm she had seemed genuine enough. We finished with her riding my cock (with condom) and she stayed sat squeezing me even after I'd shot my load. Looking forward to the next time and I might see about making the visit longer because Sarah is something special.
