The Premises:

Newish apartment. Clean, tidy and simply furnished. Chloe had just started working at this location and was looking forward to adding more atmospheric furnishings and decorations.

The Lady:

Full-figured, long-haired mature brunette. Nice smile, great legs.

The Story:

Had trouble finding the apartment as the address Chloe gave me was not complete enough, so started 15 minutes late but she quickly rearranged her schedule for me. It was my second time with this lady and we were both relaxed from the off having got on so well a few days before. She made me a coffee as I started to think about what we were going to do together. I thought about starting the activities on the couch in the lounge but she led me to the bedroom and I willingly followed. We snogged sitting on the bed and I slipped my hand up her dress, just like a teenager on a first date, and lightly stroked her thighs and crotch. The cialis started to kick in and I asked for a flash of stocking top. She stood in front of me and slowly raised her dress. Stocking tops then gusset and I was fully at attention. I gave some light kisses to the insides of her thighs, then to her her bum as she bent over for me, and then to the back of her knees (she had told me the first meeting that it really gets her going). Off came the dress and I asked her to sit on the bed and knelt in front and, with her permission, pulled her knickers off and spread her thighs. Within minutes my tongue had worked its magic again and she came, naturally and gratefully.

She returned the compliment with her wonderfully warm, wet and welcoming mouth, responding to my every request (I much prefer the soft and gentle approach to fellatio to the hard suck one). Then it was condom time and, with some of my natural lubricant applied to her love petals we started to fuck, face to face, with lots of proper kissing and increasing excitement. Her cunt was every bit as warm, wet and welcoming as her mouth and my erection was staying strong. Although I wanted to keep it going until my time was up, once the valves opened I did not try and resist the inevitable, well after all I was paying for it. Not sure if Chloe quite got there.

We snuggled up and chatted, mainly about her escorting history, interesting stuff. For me although Chloe might have less than the perfect figure, she is a lovely lady and an absolute joy to have sex with and talk with.
