The Premises:

OK flat in early 1990's development so beginning to get a bit tired. Glad I don't live in the block with all the comings and goings but area very safe both during the day and at night.

The Lady:

She says she is 22, but I would add at least 15 years to that. Good bust. Tarty looking which is what attracted me to her.

The Story:

Started by kissing her standing up and continued like this as I got her kit off. Was fingering her for a long time, and eventually got two fingers in and finger fucked her. She seemed to enjoy this and I put a lot of effort into it. She got up onto all fours at one time, and I think she came. She then started to wank me off and I came copiously over her hands.

Was OK and worth a visit if you like busty older women.
