The Story:

She is a thief!!, The ladys name was Lou and her details on that well known site is filtylilminx. I arrived at the flat and thought she looked great and we were both very friendly. She asked me for the 50 pounds and also asked if I would like an hour at 90. I stuck with the half hour. She then said that this flat was just for the meet and that we now go to her nice house just around the corner in Peacock Avebue. So off we walked but a short distance away said she had forgot the keys and went back to the flat to get them. That was the last I saw of her. I then got a text message stating that the Police had been called, I was trying to break into her house!! I tried to call and text but was ignored, needless to say I didn't want to hang around just incase the Police were coming. This lady is robbing honest punters and giving the proffession a bad name. Avoid, or even better book her for a few ficticious overnights
