As previously reported.

The Lady:

Kate is tall with good legs, a pretty face and short light brown hair and a trim figure. She wore black hold-up stockings with no shoes, large black knickers and an under-filled black bra. Nothing like as glamorous as her pictures on Debbie's web site.

The Story:

Greeted with a smile and a perfunctory cuddle, I asked for my usual House Special and a warm GFE with lots of kisses and cuddles. Having settled up, what I got was quite different. Kate would not allow me to undress her and she took my choice of shower to mean a good wash down with no physical contact other than applying the shower gel. Once back in the room, she complained she was cold and just sat on the bed wrapped in her towel. When prompted, she offered a massage which was thorough and clinical rather than having being a prelude to sex. Her breasts were flaccid and more size B than C. No fingers or RO were allowed, as Kate said she had thrush. Her covered oral failed to arouse me, probably because her whole demeanour had been so negative thus far. She did, however, provide a comfortable prostate massage, but the old tojer still wouldn't respond, so finally settled for a quick hand job. There were no other customers waiting, so Kate did stay and chat, but I really didn't need to know how much her pussy itched!
