The Lady:

Very beautiful. Prettier than the pics. Model type of body, peachy shaped bum, small but perky boobs.

The Story:

Just really vanilla stuff as she wasn't into pretty much anything else. Unfortunately she seemed to be one of these girls that are into this just for the money, no pleasure at all which is not my type of girl. Not chatty, was complaining it was a bit too hard.. not a great experience but a very good looking girl I must admit.
