### The Premises:

Her apartment is in a nice area and easy to get to. It is very clean and very comfortable.

### The Lady:

Isabel is an attractive lady with a beautifully formed body. She is around curved in all the right places.

### The Story:

Isabel welcomed me into her comfortable apartment and poured us some wine. I had arrived to enjoy our Ass Smoothie yoghurt enema! Isabel had agreed to do this ? she is a sport, she told me on forum that she misses all these wacky, weird and wild sexy things. I had to do the shopping first so unloaded my bag?.pouring yoghurt, blueberries, strawberries, cherries, plastic sheet all laid out ready for later. I should warn readers that this does get very messy later ? you have been warned. Then we moved to the bedroom where we acted out my cheated on husband fantasy as a prelude to dirty lovemaking which really got us into the mood. My favourites now ? Isabel sucked and wanked my cock and balls while I tongued her arse hole and finger fucked her cunt. I remember slipping my cock into her tight arse hole in a variety of different positions and giving her a good old fuck.

After all of this and some more wine Isabel got down on all fours and gyrated her arse in front of me (seen nothing like this before) and showed me her new glass toy - a bulbous glass butt plug ? it had a finger handle and Isabel invited me to help her with this new toy. What I had to do was pull it out when she told me, in one clean pull. This left her arse hole gaping and drawing in air. I then got to put it back in and repeat the process. As a reward for my assistance I got a deep cock suck from Isabel who was on her knees while I stood over her??this and some wanking resulted in a tremendous spunk shot that arched so high that she had to stretch her body to reach it.

By now we were both ready to prepare the Ass Smoothie Enema. Isabel first mixed up the yoghurt and filled up her Syringe enema bulb with it. She popped a large quantity of the blueberries, cherries and strawberries sweetly into her arse hole. I was allowed to push some in?. just like playing doctors and nurses! Then we went into the bathroom, Isabel placed the enema bulb into her arse and squeezed the yoghurt fully into herself, got into the bath and rolled onto her back with her arsehole pointing upward. After a few seconds she pushed it all out, and white sticky yoghurt

poured out of her arse, over her fanny and belly, between her tits and all over her chin, mouth, eyes and hair. I scooped some up and it tasted so lovely! Isabel, dripping with yoghurt, prepared a second enema bulb load. She allowed me to place this one into her arse and I squeezed it hard to get as much as I could into her. This time she shot it up into the air in a solid stream - must have gone 3 to 4 foot up into the air before it landed back on her body. She kept pushing and it continued to ooze out. I tasted it as it came out and rubbed some onto my belly and balls and started to wank. Isabel wasn't finished yet ? as I shot my final load over her body she (in her own words) completed the hat trick by sticking her fingers up her cunt and squirting 3 or 4 times then she just lay back in the mess and giggled!

When she sat up and crouched in the bath out popped the fruit ? first one by one and then a stream of them. Isabel proceeded to eat them and I joined her in that. I must say after such a marathon event it was ever so refreshing and really tasty. Thanks Isabel a gutsy thing to agree to ? like you said a first for us both, in UK at any rate.
